INDIA

INNOVATION **2018** PARTNERSHIP

An Important Strategic Milestone · Global Setup · State-of-the-art Manufacturing

**Experience the New
Nilpeter Factory**

"We are very excited to open the new manufacturing site in India as a complement to our sites in Denmark and the United States. With the new factory, Nilpeter's global footprint is even more substantial."

By increasing our overall capacity, we are able to provide greater opportunities in label and packaging production for printers around the world."

Peter Eriksen
Chief Operating Officer, Nilpeter A/S

A new production layout prepared for lean sub and main assembly of the popular FB-Line. The new production capacity is more than doubled - with the opportunity to expand even further

"2018 marks the 10th year of operations for Nilpeter India, and we are delighted to celebrate the occasion by moving into brand new facilities."

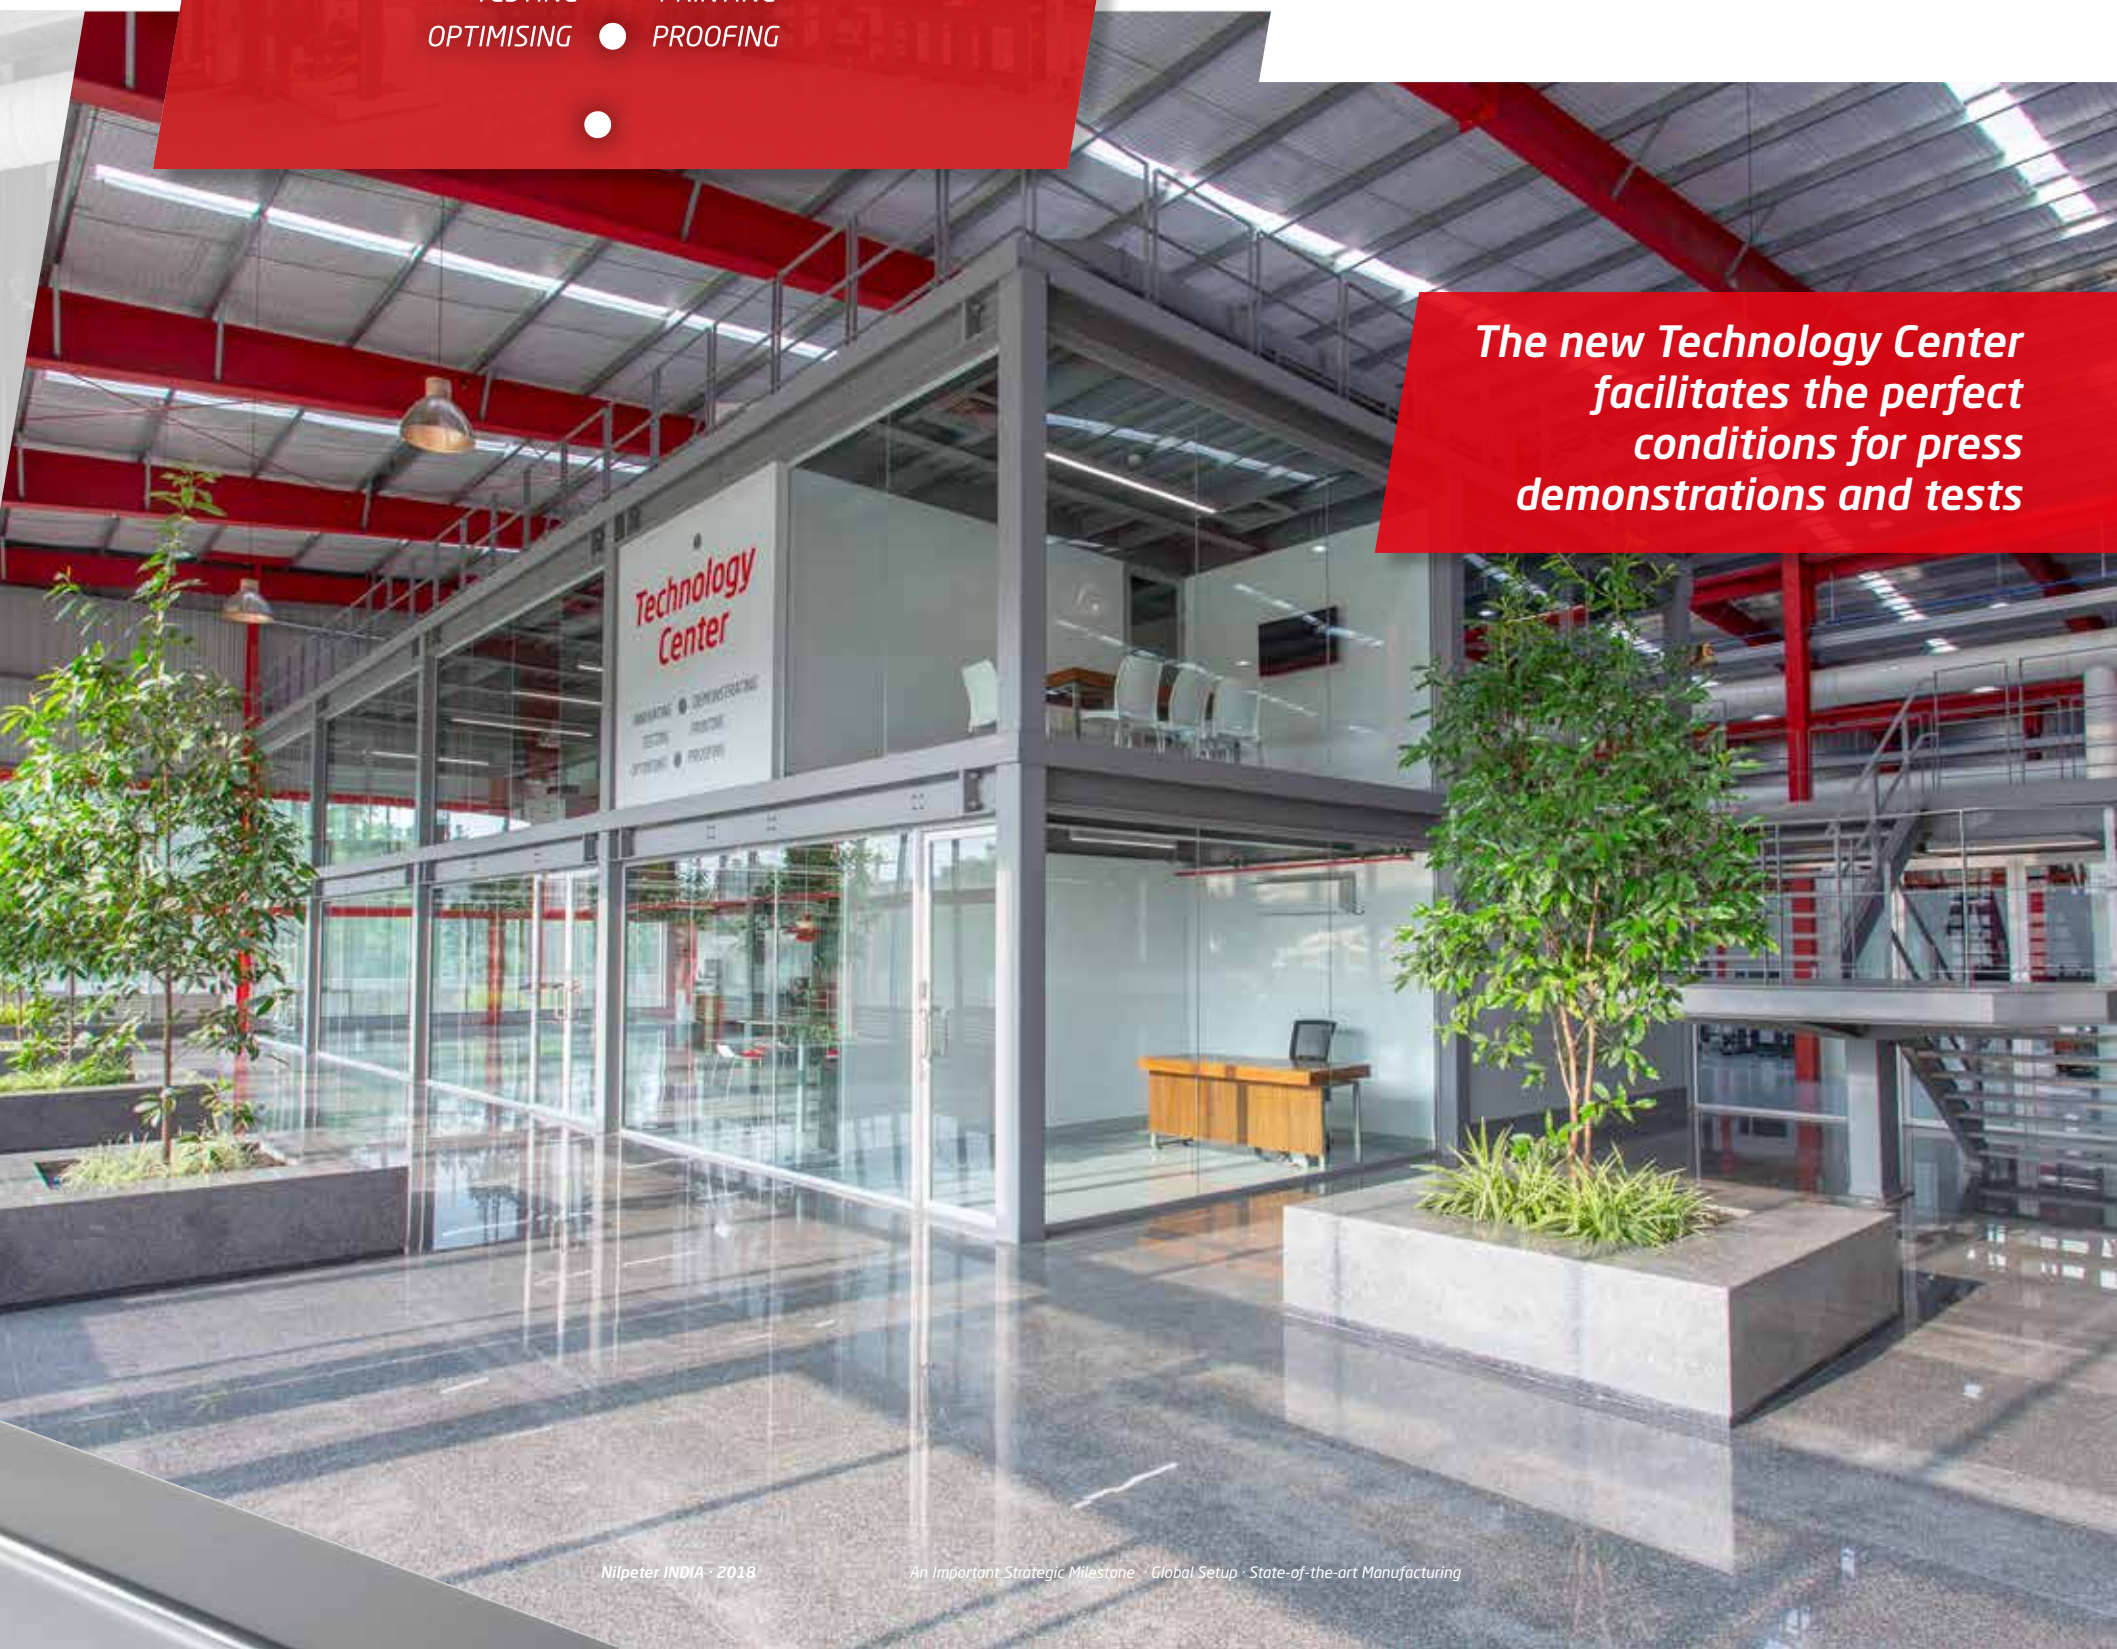

Alan Barretto,
Managing Director, Nilpeter India Pvt Ltd.
